

Power On – Onsite – Online – On Target!
Over 25 years experience providing computer software training and consulting.

Customized training includes full day, half-day, and specialty courses on an hourly basis. Word, Excel, PowerPoint, Outlook, Project, Publisher, Tips & Tricks, Update Classes, WordPerfect Suite. All levels.

First we listen, then we teach, then we guarantee you will know your computer. Students receive ongoing support at no cost and with no time limit. Save time, money, and increase your productivity by receiving efficient, effective, and enjoyable focused training. We aim to fill gaps in knowledge to give you the confidence to “click like you mean it”!

Get training. Because a mouse is a terrible thing to waste!
